Coldwell Banker Commercial® Global Awards and Recognition Program

For nearly a century, the **Coldwell Banker Commercial** brand has represented integrity, commitment, and innovation - qualities that are exhibited daily by the people who comprise our great organization. Our global awards and recognition program honors our peak performers who personify these qualities of success and serve as an inspiration to others.

Each year we recognize and award individuals who soar to the highest level of achievement within our organization. Through the strength of their individual successes, and those of each and every member of our organization, **Coldwell Banker Commercial** continues to prosper and be a leader in our industry.

The Spring Arcade is the most prestigious of the **Coldwell Banker Commercial** awards, presented annually to the one **Coldwell Banker Commercial** office whose operations exemplify the characteristics of those who worked in the first commercial brand office, which was established in 1922 in the Spring Arcade Building in Los Angeles, California.
